

Kendall Hammocks Football Parents,

As we gear up for the season it is time to prepare for our biggest and only fundraiser for the football program. On Friday, July 29th, we will be launching our online campaign with Snap Raise.

Our program is excited to get started and we have one vital request. We ask that you create the account for your son and identify 20 of his biggest fans, gather their personal email addresses and submit them for invitation in your sons Snap Raise account.

We have started our set up process and it is crucial that we have full participation from all parents and families throughout all teams. Our goal is to create funding which will provide the best experience possible for our kids and create a better environment to have success in.

A few examples of where we would like to maximize our opportunities for support.

On our fundraiser launch day, we ask parents to take pride in making an extra push for support by sharing your son's personalized Snap Raise link through text message and social media outlets (Facebook, Twitter, Instagram, etc.). We believe this is the safest and most effective way to connect with donors who care for our kids and park not only locally but nationwide. Every donation makes a difference, let us get everyone involved.
